

Website Development Proposal

The following proposal is for Website Design and Development for Soqoor al Tanmiyah Trading & Contracting Company

Executive Summary

- Soqoor al Tanmiyah Trading & Contracting Company is seeking a website design and development project to enhance their online presence, provide valuable information to their customers, and streamline their inquiry processes. This proposal outlines the scope, objectives, timeline, budget and other relevant details for the successful completion of this project.

Project Scope

Design & Performance

- **Responsive & Mobile-First Design:** Optimized for seamless viewing on all devices.
- **Specific Pages:** Dedicated layouts tailored for products, portfolio and technical resources.

Marketing & Engagement

- **SEO Framework:** Built-in optimization to boost search engine rankings.
- **Omnichannel Integration:** Seamless links to social media and WhatsApp chatbot support.
- **Lead Generation:** Secure contact forms for streamlined customer inquiries.

System & Management

- **WordPress CMS Integration:** Robust backend for easy content handling.
- **Comprehensive Admin Suite:** Full control to Add, Edit, Delete, or Enable/Disable site content and features.

Technical Infrastructure & Setup

- **Hosting & WordPress Configuration:** Complete environment setup for optimal performance.
- **Multilingual Architecture:** Full support for both English and Arabic content.
- **Custom Development & Integration:** Tailored coding to meet specific functional requirements.
